Mt. View Lodge No. 179 I. O. O. F. met at the usual hour April 6, 1912, Norman Massa N. G. presiding, with a very slim attendance. Brothers with frivolous ideas are never dependable when a circus show is in town, or interests are centered in excitement incident to the Easter occasion. However, the usual routine business was disposed of. Several important matters that should have been attended to had to be postponed on account of the entire committees being absent.

The sick brothers were reported about as last week, with an addition to the sick list, brother Jesse Gilliam was reported very sick since March 27. The following is from the Sovereign Oddfellow:

"An official receipt in your possession, showing your dues paid in advance, is the best sick and accident policy you can have when away from home. Yes it pays to be an Oddfellow in more ways than one."

"Visit other lodges every opportunity you have, it will do you good."

"Oddfellows pays more to the relief of its members than all other orders combined."

"It doesn't cost any more to keep your dues paid in advance than it does to be lagging behind."

"To the man of modern means there is no better order on earth than the Oddfellow. It insures protection to him and those dependent upon him in case of sickness or accident, which has no equal. It is financially able to make good ever promise."

Clark Wins

Champ Clark won a great victory in the primary election in Illinois last Monday, carrying the state by about 150,000 over Woodrow Wilson. Clark now has a big lead for the Democratic nomination for president. He had 78 instructed votes, and gets 58 from Illinois, making 136, while Wilson has 10 and Harmon none to date. Tennessee should instruct for Clark, or send an instructed delegation, so as to get in the Clark band wagon at Baltimore.
